Available Lender Supply	n.m.	n.m.	\$5	\$5

¹ \$YLDs launched in February 2025

² Democratized Prime launched in June 2025

About Certain Operating Metrics

In order to better help understand our financial performance, we use several operating metrics, some of which are discussed below, to evaluate our business and results, measure performance, identify trends, formulate plans, and make strategic decisions. Our determination and presentation of these metrics may differ from that of other companies. The presentation of these metrics is meant to be considered in addition to, not as a substitute for or in isolation from, our financial measures prepared in accordance with GAAP.

Consumer Loan Marketplace Volume: We define Consumer Loan Marketplace Volume as the total U.S. dollar equivalent value of originations of HELOCs, DSCRs, and personal loans on our LOS, as well as the volume of third-party loans traded on Figure Connect. We believe this measure is an indication of our scale and represents the potential revenue opportunity from the technology used for consumer credit loan originations.

\$YLDs in Circulation: We define \$YLDs in Circulation as the total U.S. dollar equivalent value of unsecured face-amount certificates solely backed by the assets of Figure Certificate Company (FCC), which is the issuer of the certificates. This is reported as an end of period outstanding balance.

Matched Offers: We define Matched Offers as the U.S. dollar equivalent value of offers matched between borrowers and lenders on the Democratized Prime platform. This is reported as an end of period outstanding balance.

Borrower Demand: We define Borrower Demand as the U.S. dollar equivalent value that borrowers seek to borrow from the lending pool on the Democratized Prime platform. This is reported as an end of period outstanding balance.

Available Lender Supply: We define Lender Supply as the U.S. dollar equivalent value that lenders have made available in the

lending pool on the Democratized Prime platform. This is reported as an end of period outstanding balance.

Financial Disclosure Advisory

The information in this release is unaudited and the information for the months in the most recent fiscal quarter is preliminary, based on Figure's estimates, and subject to completion of financial closing procedures. Final results for the most recent fiscal quarter, as reported in Figure's quarterly and annual filings with the U.S. Securities and Exchange Commission ("SEC"), might vary from the information in this release. Figure may at times make revisions to prior estimates to ensure consistency across comparable periods.

Forward Looking Statements Disclaimer

This press release contains forward-looking statements intended to be covered by the safe harbor provisions of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. All statements other than statements of historical fact contained in this press release, including without limitation statements regarding our future financial performance, including our expectations regarding our revenue, cost of revenue, operating expenses; our ability to determine reserves, and ability to remain profitable; our ability to maintain, expand, and enter into new relationships with partners and loan purchasers on the secondary market; our ability to broaden our network of partners; and our ability to successfully execute our business and growth strategy; marketplace volume, adoption, and liquidity, including the growth and performance of our Consumer Loan Marketplace, Figure Connect, and Democratized Prime platforms; our blockchain ecosystem and infrastructure initiatives, including our ability to expand the adoption of our blockchain-native products and services and the development and performance of our digital asset offerings; and our share repurchase program, including the timing, number of shares, and prices at which repurchases may occur. These statements involve known and unknown risks, uncertainties, and other important factors that may cause actual results to differ materially from those expressed or implied by the forward-looking statements. In some cases, you can identify forward-looking statements by terms such as "may," "will," "should," "expect," "plan," "anticipate," "could," "intend," "target," "project," "contemplate," "believe," "estimate," "predict," "potential," or "continue," or the negative of these terms, and similar expressions. Forward-looking statements are predictions based largely on our current expectations and projections about future events and financial trends that we believe may affect our business, financial condition, and results of operations. These statements speak only as of the date of this press release.

Important factors that could cause actual results to differ materially include, among others: our history of losses and the risk that we may not maintain profitability; our reliance on HELOCs and exposure to fluctuations in the HELOC market and housing values; our ability to attract and retain borrowers, partners, and loan purchasers and to drive adoption of Figure-branded and Partner-branded channels including Figure Connect; loan performance and default rates and the effect of credit performance on access to and pricing of warehouse facilities, whole-loan sales, and securitizations; changes in interest rates and U.S. monetary policy that impact originations, funding costs, and investor demand; legal and regulatory risks affecting lending and mortgage-related activities and the evolving framework for digital assets, including potential changes in the characterization or regulation of certain digital assets and related products; dependence on key third-party providers including cloud, custodial, valuation, and data vendors and risks from outages or service disruptions; technology failures, cybersecurity incidents, or other operational disruptions; protection and enforcement of intellectual property; compliance with licensing, consumer protection, privacy, data security, and sanctions/AML laws, and shifting enforcement priorities at the federal and state levels; our ability to remediate previously identified material weaknesses and meet our public company reporting and internal control obligations; competition; macroeconomic and geopolitical conditions; our dual-class structure and concentrated voting control and related impacts on corporate governance; equity market volatility affecting our Class A common stock; and the other risks described in "Risk Factors" in our Annual Report on Form 10-K for the period ended December 31, 2025, filed with the SEC on March 16, 2026, our final prospectus dated February 18, 2026 filed with the SEC pursuant to Rule 424(b)(4) on February 18, 2026, and in our other filings with the SEC.

About Figure Technology Solutions, Inc

Figure Technology Solutions, Inc. (Nasdaq: FIGR; OPEN: FGRS) is a blockchain-native capital marketplace that seamlessly connects origination, funding, and secondary market activity. More than 300 partners use its loan origination system and capital marketplace. Collectively, Figure and its partners have originated over \$24 billion of home equity to date, among other products, making Figure's ecosystem the largest non-bank provider of HELOCs. The fastest growing components are Figure Connect, its consumer credit marketplace, and Democratized Prime, Figure's on-chain decentralized lending marketplace. Figure's ecosystem also includes DART (Digital Asset Registry Technology) for asset custody and lien perfection, and \$YLDS, an SEC-registered yield-bearing stablecoin that is issued by a tokenized face-amount certificate company, which is a type of registered investment company.

Figure is the market leader in real-world asset (RWA) tokenization. The company has received AAA ratings from S&P and Moody's on multiple loan securitizations, the first of its kind for blockchain finance. For more information, visit <https://figure.com> or follow Figure on [LinkedIn](#).
